Our Vision

The University of Saskatchewan Students' Union strives to be the recognized leader in enhancing the student experience.

Our Mission

The University of Saskatchewan Students' Union exists to represent, serve, and support the academic and non-academic needs of undergraduate students of the University of Saskatchewan through accountable, dynamic, and unified leadership. It also serves to protect and maintain the integrity of quality accessible public education.

Our Values

The following principles shall guide the University of Saskatchewan Students' Union in all of its endeavours: innovation; integrity; mutual respect; professionalism; service; social, economic, and environmental responsibility; teamwork; and trust.

President's Message

Jack Saddleback

On behalf of all undergraduate students at the University of Saskatchewan, I present to you the University of Saskatchewan Students' Union (USSU) Annual Report for 2015/16, a very exciting year for students at the University of Saskatchewan.

Our accomplishments this year were aimed at improving the undergraduate experience while simultaneously positioning the USSU for future success. The Executive was extremely pleased to see the completion of our first Commission on Female Leadership to assess the current social landscape for female-identified individuals within the context of leadership roles. The USSU aimed to identify some barriers faced by females when looking to run for leadership positions.

The Executive was very busy with many initiatives spilling over from past years, as well as initiating new long-term projects. We focused primarily of accountability, transparency, sustainability, and outreach in all of our projects, including Missing and Murdered Indigenous Women Awareness Week, Teaching Excellence Awards, Campus Sustainability Week, Undergraduate Project Symposium, and Social Action Week.

The USSU also undertook a number of new initiatives aimed to connect with and improve the daily lives of students. The most notable of these was our focus on student mental health, and empowering students to listen to themselves and take care of their mental health.

Heartfelt thanks to our staff, executive members, and volunteers, and to the undergraduates of U of S - thank you! It has been the greatest honour to serve as your USSU President.

“...Our accomplishments this year were aimed at improving the undergraduate experience...”

General Manager's Message

Caroline Cottrell

Greetings to all undergraduate student members of the USSU. It is with great pleasure that I have prepared this report to be presented to you at your Annual General Meeting on November 24th, 2016.

The first thing I want to note is how proud I am of the staff of the USSU. When I describe to colleagues around the country that the USSU's senior management team consists of two people who have worked for the organization for 19 years each, one who has been with us for 14 years, and two for 10 years, they are dumbfounded. Moreover, we have many other staff who have worked for the organization for a significant time, particularly in this era of employment mobility. This longevity speaks to two things: it speaks to the dedication of staff to the principles for which the USSU stands, and to the work we do for undergraduate students.

In the most appropriate way, many of our staff members go both unseen and unheard. In any political organization, that is exactly as it should be. The USSU is a large and complex organization and the work done by staff provides the support and structure for our student leaders, the Executive and University Students' Council, to do the work they need to do to fulfill our mission - to represent, serve and support the academic and non-academic needs of undergraduate students of the University of Saskatchewan through accountable, dynamic and unified leadership. It has truly been my privilege to lead and to work with this outstanding group of people.

So what have we accomplished? We had a highly successful, if rather short, Welcome Week in the fall of 2015 thanks in part to the way in which Labour Day fell. Nevertheless, we piloted a draft beer truck and food trucks and since both were huge successes, we intend to follow suit in the fall of 2016 when Welcome Week will be four, rather than two, days. We supported President Saddleback in a number of ways in his push to make Mental Health a very serious topic of both conversation and action. We ran By-Elections and Elections to ensure our governance structure was fully operational. We planned the relocation of XL Print and Design and the Women's and Help Centres. In concert with the

“...dedication of staff to the principles for which the USSU stands and to the work we do for undergraduate students.”

Vice President Operations and Finance, we managed the finances of the USSU so that student money was appropriately spent and administered.

The USSU continued to administer the U-Pass program, both for undergraduates and on contract, for the Graduate Students' Association. We expanded our Food Centre services to grow Fresh Market and began preparing for a significant increase in our on-going work around Sustainability by planning for a Farmer's Market once a month in Place Riel.

The USSU is a highly dynamic and creative organization. We continue to examine the ways in which we do business while we work towards achieving our mutually agreed-upon common goals and to maintaining our vision to be the recognized leader in enhancing the student experience at the University of Saskatchewan.

Submitted with respect,

A handwritten signature in black ink, reading "Caroline Cottrell". The signature is fluid and cursive, with the first name "Caroline" written in a larger, more prominent script than the last name "Cottrell".

USSU Operations

Louis'

Louis' continued to be the primary gathering place on campus for students to eat, drink, and see live music over the past year. 2015-16 was a transition year for Louis'; it struggled to match record revenues from the year previous. However, Louis' served thousands of students, staff, and faculty, from a diverse menu during busy lunch rushes, and dinners. Nightly promotions and weekly events also continued to be well attended. In addition to the daily business, Louis' hosted dozens of student events, weddings, banquets, and concerts over the course of the year.

Louis' continued to grow business outside the walls of the Memorial Union Building with numerous catered event orders across campus. Louis' also continued to provide food and beverage services at Griffiths Stadium for events ranging from Huskie Football games to track and field meets.

Louis' Loft

Louis' Loft continued to grow in popularity with students and special event clients over the past year. The operation remains a busy coffee shop featuring Direct Trade coffee and teas, nitro coffee, and a wide variety of specialty coffees. In addition to coffee, Louis' Loft offers local draught beers, and local liquor, as well as wine and liqueurs. Louis' Loft food menu also continued to evolve with a variety of premium panini's, sandwiches, salads, baked goods, and snacks.

As a special event venue, Louis' Loft saw demand grow for the welcoming space. Student groups, campus departments, and other organizations booked the Loft space for their special events, banquets, and functions throughout the year.

XL Print & Design

XL Print & Design continued to thrive over the past year. Sales increased by 30% from the previous year, as the operation grew its list of clients and expanded their services. In order to accommodate the rise in business, and better serve clients, a full-time Graphic Designer was added to the operation.

XL Print & Design continues to offer wide format printing, colour copying, and graphic design to hundreds of clients. They carry various types of media such as matte paper, photo gloss, vinyl, canvas, and sticker paper. With new finishing equipment brought in over the past year, XL now also offers mounting, laminating, and binding to their clients.

In order to ensure XL Print & Design can continue to thrive, the USSU developed plans to move the operation to the main floor of Place Riel for the upcoming year. This location will allow students, U of S staff, and clients from across Saskatoon to better interact with the operation in a professional location.

Information Centre

The Information Centre, located in Upper Place Riel continues to be the first stop for students and visitors to campus. The centre delivers service to thousands of customers each year, including U-PASS distribution and campus directions. Whether it is for transit information, or directions the Information Centre is an integral part of the University of Saskatchewan Students' Union and is a highly utilized service that attracts thousands of customers per year.

The Information Centre is proud to offer U-PASS (universal transit pass) for both undergraduate and graduate students, table and kiosk rentals, campus directory, faxing, lost and found, Notary and Commissioner of Oaths services, locker rentals, printing credit, evening parking passes, Ticketmaster, and general information.

USSU Centres

The University of Saskatchewan Students' Union operates a number of centres aimed at enhancing the student experience. The USSU centres are open to all students and provide resources, support, and services in a warm, positive atmosphere.

Food Centre

The Food Centre works to educate students about healthy food choices and strives to aid students with food security issues. The centre provides emergency food hampers to students in need, and the CHEP Good Food Box to the campus community. Emergency food hampers are provided to students from the Saskatoon Food Bank. Students simply need a valid Saskatchewan health card and university student card. On average 6 hampers are given out each month. The CHEP Good Food Box provides top-quality, fresh, nutritious food at an affordable price. Subscribers place their orders every second Monday for pick up on Wednesdays.

The Food Centre runs a weekly Fresh Market, where fresh fruit, vegetables, and snacks, are sold to students in a central location at reduced prices. This program helps students make smart, healthy, eating decisions at a price they can afford. The centre also organizes Trick or Eat, which takes place on Halloween night. The event collects non-perishable food items for the Saskatoon Food Bank. The event was a success this year with over 3500 kilograms of food collected by over some 150 student volunteers.

Help Centre

The Help Centre is a warm, friendly positive space that is open to everyone and offers many other services to help students on a daily basis. They offer an Exam File, free condoms, a kitchenette, maps, transit info, friendly faces, a positive space, and provide support and community to students.

The Help Centre is committed to providing information, referrals, and personal support to students. The Help Centre Peer Support program offers support and referrals regarding sexual health, academic issues, suicide, pregnancy, and other student issues. They are available by appointment and on a walk-in basis during centre hours.

The Help Centre hosts/participates in major events throughout the year including Applied Suicide Intervention Skills Training, Mental Health Support Group, Eating Disorder Support Group, and Mental Health Awareness Week.

In order to better serve students in the upcoming year, plans were made to move the Help Centre to the main floor of the Memorial Union Building. The new location will allow the centre to work collaboratively with the other USSU centres, in an open welcoming space. The Help Centre Exam File will also get a second terminal in Upper Place Riel, which will allow for better access and service to students.

Pride Centre

The Pride Centre is a welcoming and celebratory campus community. The centre provides a friendly environment with a diverse group of people of all sexual orientations and gender identities in an open and progressive environment that advocates, celebrates, and affirms sexual and gender diversity.

The Pride Centre supplies information on safe sex, as well as free condoms, latex gloves, dental dams, and female condoms. The centre also organizes and offers information on local and national Queer news, community organizations, and LBGTT2IQ events. Some of the key events planned for the centre include Queerapalooza, Ally Week, Transgender Day of Remembrance, and Carnival of Sex.

Women's Centre

The Women's Centre is a safe, dynamic, comfortable, positive space to organize around feminism. It serves as a resource and information centre, with a large library of feminist titles. There's a lounge to hang out in and meet like-minded people. It is a place of inspiration, enlightenment, and encouragement. We are a pro-choice organization and recognize the strengths of the diverse and vibrant community at the U of S and in Saskatoon.

The USSU Women's Centre takes a positive and proactive approach to educating and informing the campus community about issues affecting women. We strive to provide a safe and positive environment to promote equality while recognizing and celebrating differences within our diverse and dynamic community.

The Women's Centre hosts/participates in major events throughout the year: Take Back the Night, Sexual Assault Awareness Week, Who Needs Feminism?, The National Day of Remembrance and Action on Violence Against Women, V-Day, and International Women's Day.

In order to better serve students and their community, plans were made over the past year to move the Women's Centre into a larger location in Room 103 of the Memorial Union Building. The new location will allow more space for resources, discussion groups, and events that serve the campus community.

REPORT OF THE INDEPENDENT AUDITORS ON THE SUMMARY FINANCIAL STATEMENTS

To the Members of the University of Saskatchewan Students' Union

The accompanying summary financial statements of the University of Saskatchewan Students' Union, which comprise the summary statements of financial position as at April 30, 2016, and the summary statement of operations for the year then ended, are derived from the audited financial statements, prepared in accordance with Canadian accounting standards for not-for-profit organizations, of the University of Saskatchewan Students' Union as at April 30, 2016, and for the year then ended.

We expressed an unmodified audit opinion on those financial statements in our report dated August 11, 2016.

The summary financial statements do not contain all the disclosures required by Canadian accounting standards for not-for-profit organizations applied in the preparation of the audited financial statements of the University of Saskatchewan Students' Union. Reading the summary financial statements, therefore, is not a substitute for reading the audited financial statements of the University of Saskatchewan Students' Union.

Management's Responsibility for the Summary Financial Statements

Management is responsible for the preparation of a fair summary of the audited financial statements.

Auditors' Responsibility

Our responsibility is to express an opinion on the summary financial statements based on our procedures, which were conducted in accordance with Canadian Auditing Standard (CAS) 810, "Engagements to Report on Summary Financial Statements."

Opinion

In our opinion, the summary financial statements derived from the audited financial statements of the University of Saskatchewan Students' Union as at April 30, 2016 and for the year then ended are a fair summary of those financial statements.

Students' Union.....	\$ 39.54
Student Infrastructure Fee	\$ 59.38

USSU Student Fee Details

Students' Union

The Student' Union fee is used to fund advocacy work and services.

Health and Dental Plan

The USSU Health & Dental Plan provides a comprehensive package of health, dental, vision and travel benefits to fill the gaps left by provincial Medicare and a parent or spouse's plan.

Student Infrastructure Fee

In March 2003 students voted to implement the Student Infrastructure Fee for the purpose of constructing and sustaining student buildings. Primarily this fee will repay the loan acquired for a 22 million dollar renovation and expansion of Place Riel Student Centre.

U-PASS

Undergraduate students (some exemptions apply) are assessed a mandatory fee of \$76.33 per academic term providing transit coverage from September through December for Term 1, and January through April for Term 2. U-PASS does not include the summer period of May through August. U-PASS allows students unfettered access to Saskatoon Transit services and it is a significant part of the USSU's commitment to sustainability.
